New Paediatric Allergy Clinic open at Kingston Hospital

A new paediatric allergic disease clinic is run by Dr Heath, Consultant Paediatrician with a special interest in allergy, (together with a nurse and paediatric dietician) for children up to 16 years old (or 16-18 if in full time education).

Clinics are held in the Children's Outpatient Department, Bernard Mead Wing at Kingston Hospital. [Click here for further clinic information.](#)

HIV National Testing Week

Wolverton Centre information for HIV testing and a pathway for newly diagnosed patients.

Walk in Community ECG Service at Surbiton Health Centre

We would like to invite GP's to use the Direct Access Walk In ECG Service at Surbiton Health Centre.

[Please click here for further details and opening times.](#)

GP Ordercomms

- Please note that you are not required to send paper copies of requests that have been electronically placed on Ordercomms, this includes MRIs requests.
- Please include patient contact details (phone no.) when sending Radiology requests. If you are using Ordercomms to make requests, please include the contact details in the box marked Other Clinical Information. This information is helpful when contacting the patient to offer appointment times.
