

BMI COOMBE WING

DIRECTORY OF CONSULTANTS
AND SPECIALTIES 2014

Coombe Wing

Serious about health. Passionate about care.

BMI COOMBE WING

is part of BMI Healthcare, the UK's largest provider of independent healthcare*

At BMI Healthcare, we have over 65 hospitals and healthcare facilities nationwide. Throughout these locations, we treat more than 275,000 patients and manage over one million outpatient visits every year, offering a wealth of experience, highly complex surgery, a patient-centred approach and access to some world-class consultants. BMI Coombe Wing also has access to some of the latest technology and equipment, including:

- ✓ 22 patient bedrooms
- ✓ 4 consulting rooms
- ✓ Physiotherapy services
- ✓ Post natal maternity suite
- ✓ Access to a full range of services within Kingston Hospital NHS Trust, including endoscopy, maternity, nuclear medicine, high dependency and intensive care facilities

BMI Healthcare is proud of its consistently low hospital infection rates for MRSA bacteraemia and Clostridium difficile. This is achieved by a carefully planned regime of rigorous infection prevention policies, surveillance, training and exceptionally high standards of cleaning.

“97.2% of our patients rated their overall quality of care as very good or excellent.”¹

*Based on number of hospitals/treatment centres within the UK – September 2013. ¹Percentage of patients giving a rating of 'very good' or 'excellent'. ²Percentage of patients saying that they would 'definitely' recommend the hospital. Based on a survey of 149 respondents completing a questionnaire about the treatment they received in the hospital during the period January – December 2012. Questionnaires analysed by Howard Warwick Associates.
